

REMARKS

Applicant respectfully requests reconsideration and allowance of the subject application. Claims 1, 7, and 13 are canceled without prejudice and claims 2-5 and 8-11 are amended. Claims 2-6 and 8-12 are pending.

Allowed Subject Matter

Claims 3, 5, 6, 9, 11, and 12 are indicated as being objected to, but allowable if rewritten in independent form (*Action*, page 3). These claims are rewritten in independent form and in condition for allowance or depend from an allowable claim that is rewritten in independent form. Applicant thanks the Examiner for allowance of this claimed subject matter.

Claim Rejections

Claims 1-2, 4, 7, 8, 10, and 13 are rejected under 35 U.S.C. § 102 as being anticipated by an article to Szenberg et al., entitled "An Algorithm for the Visualization of a Terrain with Objects" (hereinafter, "Szenberg").

Claims 1, 7, and 13 are canceled without prejudice. Thus, the rejection of these claims is rendered moot.

Claims 2, 4, 8, and 10 are amended to depend from allowable claims. Accordingly, these claims are now in condition for allowance.

Conclusion

All pending claims 2-6 and 8-12 are in condition for allowance. Applicant respectfully requests prompt allowance of the subject application. If any issue remains unresolved that would prevent allowance of this case, the Examiner is requested to urgently contact the undersigned attorney to resolve the issue.

Respectfully Submitted,
